

We got all 6 scheduled races in, which allowed for a throwaway. 8 boats signed and an average of 6 out for every race. Great! For DNS and DNF boats, as in past years, we used an average of the participating boats over the series +1. For a more detailed summary see the breakdowns below.

Steadfast and Niagara tied for 1<sup>st</sup> place on points. The EYC typically breaks the 1<sup>st</sup> place tie by awarding 1<sup>st</sup> to the boat with the most wins over the other. This would be Steadfast, winning over Niagara in all but the 2 DNS races. Well done, Jerry O'Brien!

This leaves 7 races scheduled for Series 2.

Great racing by everyone! It's really good to see such tight racing and the positions moving around by week. A fun way to spend a Saturday.
